

About Our Safety Deposit Boxes

We provide everyone with affordable security for their valuables.

Many people choose to keep their jewellery, precious metals, documents, data and other items of value in a safety deposit, located within a purpose built facility providing ultra-high security.

Identity Requirements

All customers are required to produce identification at the time of opening an account or if they are to be included on an existing account. Identity requirements will be made available upon request.

Security and Privacy Policies and Procedures

Our business is ensuring the safe keeping of your precious items. All customers must comply with our policies and procedures, which will be made available upon request.
